- Seek denominational funding
- Petition for congregational/institutional aid
- Crowdfunding/Personal Fundraising within your networks
- Grants

The Seattle School believes the impact of this program on leaders and the communities they serve is well worth the investment. We offer some grant funding for candidates who have financial or other barriers impacting their accessibility to this training. To inquire about this funding, email [lnp@theseattleschool.edu](mailto:lnp@theseattleschool.edu)

We understand that every leader's situation is different and that different funding options may work better than others for your unique context. Ben Oldham is the Admissions Counselor for Leadership in the New Parish and he would love to come alongside you to talk through the options be suited to your and your community.
